Intraax & Vantraax Brake Chambers

Part #

M-3030INTXX

M-3030VNTXX

Price

Hendrickson has introduced the Intraax and Vantraax suspensions into the market which require a different style of brake chamber than has been commonly used for years. These newer systems utilize a longer threaded rod on the brake chamber. Our Intraax brake chambers have a 17.5 inch rod with 15 inches threaded. The Vantraax brake chambers we carry feature a 19 inch rod with 16.5 inches threaded. You can cut these to size as required for your application. (Clevis not included).
